**Desktop Applications window** 

StepB-2: Click the "TOSHIBA Pocket PC e750/e755 User's Guide". You will see the "TOSHIBA Pocket PC e750/e755 User's Guide".

# **Upgrading the Device**

# **AWARNING** Follow these instructions closely to ensure that your device works properly.

To upgrade your TOSHIBA e750 from Pocket PC 2002 to Pocket PC 2003 you will need to:

- Prepare for the ROM update.
- Update the ROM.
- Reconnect your e750 to your PC using ActiveSync.

### Preparing the ROM for Update

To prepare the ROM for update to Pocket PC 2003:

- 1 Upgrade ActiveSync to version 3.7
- Make sure the AC adapter is attached to the cradled e750.A power loss during the ROM update process will damage your e750.
- 3 Back up your data
  - Backup all files stored in My Documents by copying them to your PC hard disk or to a storage card.
  - Synchronize your PIM data (i.e. Inbox, Calendar, Tasks, and Contacts) with your PC Outlook.

**AWARNING** DO NOT – use the "DataBackup" program to backup and

restore your data, Pocket PC 2002 data can not be restored in Pocket PC 2003.

- 4 Remove all Compact Flash (CF) and Secure Digital (SD) cards from the device.
- 5 Disable the ActiveSync Connection. On your PC, open **ActiveSync**, then select **File**, then **Connection Settings**, and uncheck the first three option checkboxes.
